WELCOME TO JLC

What a year! This year has been one of the most anxious and challenging for many industries, firstly for those in Health and Social care. Our thanks goes to our partners and stakeholders who are on the frontline and who have worked tirelessly to keep us all safe. The Covid-19 pandemic has affected everyone, financially, physically and mentally. These are unprecedented times we are navigating and I wanted to highlight to you some of the fantastic ways in which our students have adapted and gone above and beyond to help those in need.

During the first lockdown, a group of our students took part in a project in collaboration with the University of Hull to provide PPE to those on the frontline most in need. Staff in our own science department delivered surplus PPE to our local hospital at a time when it was desperately needed. I am incredibly proud of our staff and students who have continued to find opportunities to help those across our communities.

I am immensely proud of the achievements of our students and the efforts of our staff to help our students achieve their dreams and aspirations. We have seen the move from face to face lessons to digital and remote, then back again. Our results this year have been phenomenal. 32 of our A level subjects achieved a 100% pass rate, 20% of our students progressed on to Russell Group Universities and 95% progressed to positive destinations.

The support from our stakeholders has been key to ensuring that our students gain skills and experience that cannot be taught in the classroom, whether physical or virtual. On behalf of the team at JLC I would like to thank each and every one of them for helping us to turn dreams into realities.

Leon Riley
Principal

STRATEGIC OBJECTIVES

The college is currently working on its strategic development plan for the next three years.

Currently we are in the engagement phase, working with our key stakeholders on identifying the key priorities, not only for our learners but the wider community, both locally and regionally.

STABILITY

We aim to be a sustainable provider, wherever possible we look to ensure the future stability of the college. We are part of the Venn Group of Sixth Form Colleges and are proud to work alongside Wilberforce College, Wyke College, Franklin College and Scarborough Sixth Form College.

SUCCESS

Our 2019 results speak for themselves. One out of every two A Level students achieved A*-B grades in their recent exams.

ENGAGEMENT

Our sports teams are just one aspect of our community engagement. We support local schools, sports clubs, employers and third party agencies.

CULTURE

We aim to provide our students with an immersive experience that helps them grow as an individual and an academic. By providing additional opportunities both in and out of the college we are part of the wider community.

OUR MISSION & VISION

MISSION

To create an inclusive community with a sense of belonging that challenges and inspires through inspirational teaching, support and care.

VISION

To be an outstanding provider of education that prepares its learners for future success.

CASE STUDY

ALICE FLETCHER

Previous School:
Frederick Gough School

Attendance:
2018-2020

Subjects/Grades:
A Level History - A
A Level Physical Education - A
A Level English Literature - B

Where are you now?
Studying Physical Education and
Sport Coaching at York St John
University.

CASE STUDY

HARRY POMA

Previous School:
St Lawrence Academy

Attendance:
2018-2020

Subjects/Grades:
A Level Biology - A*
A Level Chemistry - A*
A Level Maths - A*

Where are you now?
Studying Veterinary Science at the
University of Liverpool.

MEET OUR GOVERNORS

Our Governors come from a diverse range of backgrounds, offering a wide yet tailored skillset to ensure the continued success of JLC.

NAME	ROLE
Andy Pascoe	Chair of Corporation
Ann Moore	External Governor, Chair of Search & Governance Committee
Dave Harness	External Governor
Gareth Harle	Staff Governor
Yusuf Nawaz	Student Governor
John Fitzgerald	External Governor, Chair of Quality Assurance Committee
Junaid Aslam	External Governor, Chair of Audit Committee
Leon Riley	Principal & Chief Executive
Paul Raistrick	Parent Governor
Paul Townsley	External Governor
Simon Driver	External Governor
Sylvia Hotchin	External Governor
Charisma Stone	Student Governor
Alex Douglas	Co-opted Member

Our full Corporation meets at least once per term and delegates to four committees:

SPOTLIGHT ON GOVERNORS

PAUL RAISTRICK

I was elected as Parent Governor to the JLC Corporation in December 2017. I have enjoyed the challenge of being a governor at John Harrison CE Primary School in Barrow-upon-Humber since 2004 and Chair since 2011. My day-job is in Quality Assurance, so I'm pleased to have been given the opportunity to join the JLC governing board and Quality Assurance committee. My son recently successfully completed his A levels and is heading on to University soon. My daughter has just started at JLC and I am looking forward to helping the college to maintain and improve its performance and also expand my own experience of governance in education. I enjoy the challenge of debating the sometimes complex issues around educating students whilst ensuring good value for money for the taxpayer.

DAVE HARNESS

I was appointed as an External Governor to the JLC Corporation in June 2018. I have much enjoyed the experience so far. My career was with an international company, with overseas postings and a lot of international travel, so I feel I am able to bring both an international & cultural perspective and an industrial perspective to the discussions. I have a lot of experience in management, systems and processes as well as implementing change & simplification/optimisation programmes. I currently sit on the International committee, the Audit committee and am a guest member of the Health and Safety committee. I have a passion for developing people and have spent many years in coaching & development in Industry.

I have been very impressed with the staff and senior team in JLC. Education is a challenging environment to work in, and they are extremely committed to enabling the students to perform at their best.

GARETH HARLE

I've worked in education for over 10 years in as an IT Manager. I'm a governor and chair of resources at the primary school in my village so when a vacancy came up here as staff governor I felt it fit well with my experience. Governors here take the role very seriously. They provide a watchful eye and act as a 'critical friend' to management. They are able to supportively question the decisions made about the future of the college and are deeply committed to ensuring this college achieves its ambitious goals.

OUR RESULTS

We appreciate this year has been somewhat different but students' efforts throughout their two years of studying with us at JLC still remains reflective of their outcomes and grades they have received today.

The overall college results are exceptionally strong, with increases in A*-A, A*-B with 1 out of every 2 students at A Level receiving high grades. In BTEC subjects, 9 out of every 10 students achieved a Distinction or a Distinction*. We have seen particularly strong results in 3D Design, Fashion & Textiles, Maths, Chemistry, Physics to name a few.

We would like to congratulate all our students who have positive destinations, with five students securing places at Oxford or Cambridge University.

OUR PROGRESSION

95% of all leavers secured a positive destination when leaving JLC in 2019

68% of all leavers entered Higher Education

10% secured paid employment

6% progressed onto Further Education

4% secured apprenticeships / traineeships / supported internships

6% of students are taking Gap years before progressing to HE

2% of students where uncontactable or destinations not known

1% of students and now working as volunteers

3% of students are looking for work

4 students have progressed to Oxford/Cambridge

12 to Medicine/Dentistry/Veterinary Science

96 to Russell Group Universities

28 into Nursing

27 into Engineering

17 are now Allied Health Practitioners

10 into Biomedical Science

CASE STUDY

FAYE GALPIN

Previous School:
St Bedes Catholic Academy

Attendance:
2017-2019

Subjects/Grades:
A Level Chemistry - A
A Level Biology - A
A Level Maths - A

Where are you now?
Studying Dentistry at the
University of Sheffield.

& SPORT

To enhance the learner experience, JLC has an extensive enrichment programme that students are actively involved in. The majority of these are student led and are designed to support college retention, student wellbeing and improved learner experience.

We offer a range of Sports as part of this programme – open to all students. We support and enter athletes from all sports into AoC Tournaments and the National Competitions.

We have recently achieved tass accreditation, meaning we are nationally recognised for our support of high level athletes as part of a Dual Career Pathway.

From Debating Society to Youtube Society, Sign Language to Virtual Medicine there is something to suit every student.

Additional learning opportunities our students have taken part in over the last year include:

*A*spire - our stretch and challenge programme for gifted and talented students.*

VX
Men's Futsal
Self Defence

SUPPORTING THE LOCAL ECONOMY

SUPPORTING NORTH LINCOLNSHIRE

JLC works closely with schools throughout North Lincolnshire and beyond, at both primary and secondary level. In addition, we work with over two hundred local employers, ensuring our students have access to the best industry experience to help them achieve their goals.

SUPPORTING THE LEP PRIORITIES

JLC is proud to support the LEP priorities by ensuring we help develop the skills required by local enterprise. Many of our students progress straight into employment or higher level apprenticeships in the local region.

For those that go on to study at University, the opportunities are still available. We work with many organisations to offer students the best experiences. The Lincolnshire Iron and Steel Institute, based at British Steel, Scunthorpe, helps support our aspiring engineers. Former JLC Student Mary Richardson Slipper, from St Bede's School, was awarded an annual bursary in 2017 and is now undertaking work experience at British Steel whilst studying her MA in Physics at Manchester University.

SUPPORTING THE LOCAL ECONOMY

In addition to supporting the skill provision of the region, our students bring with them a vast spending power which is put back into local businesses and commerce. Our international students alone invest £1.7 million annually in North Lincolnshire.

GLOBAL REVIEW

In 2019/20 students joined JLC from:

- > China
- > Hong Kong
- > Myanmar
- > Vietnam
- > Latvia
- > Lithuania
- > Estonia
- > Russia
- > Spain
- > Romania
- > Kazakhstan
