

SUMMER TASK

3D DESIGN

In preparation for year one, you have some work to do over the summer.

TASK: RESEARCH

Research: Alessi www.alessi.com

- Research the designs of Alessi
- Select one design to analyse in detail.
- Print out the image and write a 400-600 word analysis. Consider how the work makes you feel, what key elements has been used, colours, themes, materials.

TASK: PRACTICAL

Design: a salt and pepper shaker for Alessi. It must be inspired by the theme of animals.

- Research on the theme of Animals
- Choose whatever animal/s you like to provide your inspiration
- Create a moodboard to help you design your new salt and pepper shaker.
- Produce a minimum of x1 A3 design page with a balance of design sketches, pictures and annotations.
- You can do this using digital media or through the use of a variety of mixed media, or both. This could include a collage, material, colour swatches, illustrations and 3D technical drawings.
