

SUMMER TASK

CTEC FILM & TV PRODUCTION

In preparation for year one, you have some work to do over the summer.

TASK: REVIEW

Write a 500 word review for a film that you really like.

You can choose any film and write in a style that you think is appropriate.

However, we would like you to use professional review conventions. Have a look at real reviews from professional reviewers in newspapers e.g. The Guardian, or magazines, e.g. Time Out, (these are available online).

We do not want a 500 word description of the plot! You should avoid big spoilers.

We would mainly like to know why you think the film is good.

Try to use words like:

Narrative (what's the story like)

Characterisation

Themes (what are the 'meanings' behind the story?)

Visual style

Sound
