

SUMMER TASK

GRAPHICS

In preparation for year one, you have some work to do over the summer.

TASK:1

David Carson: Written analysis of a selected Graphic Communication piece:

- Select one example of work by David Carson from the Internet and make a note of where you sourced it.
- Print out the image and write a 400-600 word analysis.
- So you get the most out of this process, write about how it makes you feel and what you think the message or meaning behind it.

TASK:SPACE

Following the inspiration of Carson, produce x3 layout designs (10cm x 10cm) using image (it could be a photo, illustration drawing or both) and type. You can either do this using digital media or through the use of a variety of mixed media or both. Your practical outcomes, then, show 3x experimentations that explore ways to communication a message in response to the word SPACE.
